

WV BTOP/NTIA Grant Implementation Team (NT10BIX5570031)
Jimmy Gianato, Grant Recipient Administrator
Attn: Michael Todorovich, GIT 1703 Coonskin Drive, Charleston, WV 25311

MEMORANDUM

TO: Frontier Communications
Attn: Mr. Joseph Starsick, Jr.
Associate General Counsel – Southeast Region
1500 MacCorkle Avenue, Room 020
Charleston, WV 25396

SUBJECT: Environmental Efforts for WV SHPO and Programmatic Agreement
WVBTOP Policy 03-01

FROM: Michael Todorovich
Project Investigator/Project Director

DATE: March 18, 2011

During the recent visit by NTIA someone asked if we could consider the NRAO to WVU link as a single entity relative to the SHPO. This link IS considered separate from the Regions. Bottom line, prior to construction of this link, Frontier needs to, combined with their engineering, provide Office of Technology GPS coordinates and type of ground disturbance involved. This will be a separate submission to the state and federal agencies.

POC is Teresa Schuller at 304-345-6712, teresa.schuller@medhunt.com.

No construction may begin on this link until the mapped GPS coordinates are received and approved by agencies and the Grant Implementation Team (GIT).

It is my expectation that you will share this information with the appropriate Frontier Team members.

Please, if the noted distribution is not correct, provide me the correct names with contact information.

Michael L. Todorovich
